Subject: PLEASE DO NOT LEGALIZE MARIJUANA!!!!

I'm extremely not in support of this! I've suffered from people smoking it around me and I get extremely sick, nauseous, headaches, my health is compromised because of inconsiderate jerks etc. to put it politely... That live below me next to me in HUD housing!! They don't enforce the rules that it's not allowed here... So, I can't even imagine if this is legalized how rampant my health will be affected!! I can't stomach the smell or the use to be honest with you!!!!

Just like smokers people are so inconsiderate and don't give a shit about anybody but themselves!! I don't want this legalized at all!!!!!! EVER!!!!!!!!!!!!!!!!!!!!!! It's disgusting!!!!!! It should only be used if it's seriously helps people medically and that's it!!!!!!!!!!!!!!

PLEASE DO NOT LEGALIZE CANIBUS!!!!!!

No joke the HORRIBLE HEALTH AFFECTS on myself!!! & I have Friends who are also dealing with the same type of situation in Central Falls... I'm in Warwick... In which this couple gets even more violently sick from the smell that they have to put up with in their apartment that's not HUD it's normal!! They live in a home with several apartments... And I strongly believe people are forgetting about the horrible effects it has on others just like secondhand smoke!

Thanks for your time!

Ms. J. Schey
Warwick

Ps... I just wanna apologize if I seem angry... I'm just tired of living in HUD housing authority here in Warwick in which they don't enforce any damn rules! Neighbors are still smoking when it was banned in 2011!! I've been forced to Diana medication because of asthma I developed because of all the years of putting up with the smoke! I NEVER had any issues with asthma in my entire life I'm 47 years old!!! Just went to take out garbage on Saturday and nearly lost it and couldn't breathe because of the stair way made me cough and gag because for the smoke this woman is doing in her apartment!! And putting up with pot and smoke has been equally horrific to my health!!! Please do the right thing and do not allow legalization!!!
